

1. FW to find diameter of binary tree
2. FW to find height balanced tree
3. Check two trees are identical
4. Symmetric Tree (Mirror Subtrees)
5. zig-zag traversal
6. Transform to sum tree
7. Diagonal Traversal
8. Vertical Traversal
9. K-Sum Paths
10. Morris Traversal
11. Flatten a binary tree into LinkedList
12. sum of longest bloodline of tree
13. Maximum sum of non-adjacent nodes
14. Burning Tree
15. Find Duplicate Subtrees
